

WELWICK PARISH COUNCIL MEETING 19TH August, 2025

The parish council continues to request new chalk for the passing places on North Lane; East Riding of Yorkshire Council (ERYC) has still not made these necessary repairs. ERYC has still not reported back on the findings of its survey about the possibility of Welwick needing a zebra crossing; the clerk was asked to write once more to ERYC about this. The parish council has at last gained an assurance in writing from ERYC that it will retain nine councillors from 2027, rather than have its number reduced, which was the original suggestion.

A quotation is being obtained for replacement of the railings at the Roll of Honour. The updated Emergency Plan is now complete. Thanks were expressed to G. Hailwood and J. Wood for their work on this. The retiming of the school bus from Welwick to Patrington has meant that the school day of very young children is now much longer, and additionally their time on the school bus is unsupervised. It was agreed that a letter be sent to the Director of Education about this. Welwick Beck has now been cleaned out and its sides mown, thanks to the contractor working for the Internal Drainage Board.

The new owners of the Coach and Horses pub attended the meeting. The pub is to be renamed The Plotters' Bar. They shared their plans for the pub, and talked of some initial teething troubles which they have faced. The parish council wished them well in their venture.
