

WELWICK PARISH COUNCIL MEETING 21st October, 2025

Councillor Jon Dimberline and East Riding of Yorkshire Council (ERYC) were contacted yet again about the perennial problem of passing places in North Lane and the state of the footpath between Welwick and Weeton. ERYC Highways were also contacted about moving the white line at the eastern end of the traffic lights, in the interests of road safety. The parish council has received a reply from ERYC concerning the zebra crossing survey, but it is unclear what this survey has determined. It was agreed that this matter be pursued further. ERYC had responded about the situation regarding the school bus to Patrington. It had been confirmed that Welwick children will not be affected by a longer journey.

R. Grantham had obtained a quotation for replacement of the railings at the Roll of Honour. He, M. Brankley and R. Sowden agreed to have a site meeting to decide exactly what is required at the Roll of Honour. The meeting was attended by two members of the parish, Mrs Airey and Mrs Baker, who had come to discuss the Roll of Honour. M. Brankley and R. Grantham are also dealing with repairs to the parish noticeboard.

Revisions to the parish council Standing Orders were agreed. G. Hailwood and J. Wood reported on progress with the amended Emergency Plan.

New pads have been bought for the Weeton defibrillator. A St. George's flag had been inappropriately placed on the Gunpowder Memorial. This has now been removed.

Mrs Pannett, Chair of Holmpton Parish Council, attended the meeting to discuss issues concerning coastal erosion, the possible loss of the coast road from Withernsea to Holmpton and its effect on Welwick.

Due to the resignation of Mr C. Johnson, a vacancy has arisen on the parish council. The clerk agreed to organise the advertisement of this in the normal way. Mr Johnson's contribution to the parish council was acknowledged.
